

Our Mission:

To help low to moderate income working families realize economic self-sufficiency through financial literacy, tax preparation assistance, and asset building opportunities.

Since 2006, the Barren River Asset Building Coalition has offered **FREE income tax preparation services and financial literacy classes** for low/moderate income taxpayers (**\$49,000 per household or less**). In 2010, the coalition plans to open free tax sites located in the following counties: **Allen, Barren, Edmonson, Green, Hart, Logan, Monroe, Simpson and Warren.**

Our services give people the choice to save their hard earned money and stop paying for expensive tax preparation and filing fees. Our tax preparers are trained and certified by the IRS to ensure that you take advantage of every credit you are eligible for.

YOU WANT TO GET YOUR TAX MONEY BACK FAST? Don't worry! We use **electronic filing** to ensure that each tax return gets processed by the IRS as quickly as possible. And to speed up the process even more, you can also choose to have your refund **direct deposited** into a checking or savings account, or both!

In addition to providing free tax prep, we also give each of our customers a packet of information on existing financial opportunities that they may be qualified to receive.

These services are provided in part through a community partnership with the Kentucky Asset Success Initiative, local businesses and non-profit organizations, and the Internal Revenue Service.
